Whitely Spring Exerciser

The springs are fitted with a strong internal tape, which limits the stretch to about seven feet, as a further pull is liable to impair the elasticity.

It can be quickly changed to a single or double-strand chest pull. The handles are made in rope style, smoothly finished and adapted for use as massage rollers.

A Safety Chain to a second wall fastening is provided. *No spring exerciser should ever be used without this.*

The Whitely Spring Exerciser is furnished complete in box with all necessary hooks and with Whitely Chart.

“Fairy” Ball-Bearing Auto Coaster

A machine both instructive and beneficial to all boys over four years of age.

It is both driven and steered by the front lever, which is equipped with an automobile steering wheel. The front axle is of pivot construction.

The side lever releases the gearing so that the machine runs free in coasting, and when further advanced engages a band brake on the rear axle, making the vehicle safe under all circumstances.

Finished in maroon with silver striping; spokes and small parts nicked; wheels built up with spokes and nipples, and equipped with one-inch cushion rubber tires, wired on.

Model No.	Wheel Front	Diameter Rear	For Age	Price Each
1	10-in.	14-in.	4- 7	\$42.00
2	10-in.	14-in.	7-14	\$45.00
